Heather:

Anytime you have a project like the Car in the river, give me a call. I have had two contractors with Heavy equipment that in the past have said to me they would help with removal of junk from the River.

FYI, CB ranch would have paid for the removal of the three cars if they would have known it they were On their property. The cars are still there. Hidden.

Also I have a Rubber Track Sid steer that can also be used.

Take Care.

Howard.
