

Virtual Map Activity

1. Take a look at the map provided. Where is north on the map? Fill in the directions on your own compass rose.
2. What are the six highest places on the map? Write the names of these places from highest to lowest elevation in a list on your piece of paper.
3. What is the name of the mountain range located to the west of the Bitterroot River?
4. What is the name of the mountain range located to the East of the Bitterroot River?
5. Look at the elevations written along the Bitterroot River. Looking from north to south, list the names of the towns along the Bitterroot River. Then, describe where your school is as if you are explaining it to someone looking at this map.
6. What is the lowest elevation you see that's right near the Bitterroot River?
7. In which general direction do the creeks on the west side of the Bitterroot River flow? Write out the names of these creeks on your paper, and draw arrows next to them to show which direction they flow.
8. In which general direction do the creeks on the east side of the Bitterroot River flow? Write out the names of these creeks on your paper, and draw arrows next to them to show which direction they flow.
9. In which direction does the Bitterroot River flow? Draw an arrow on your piece of paper corresponding to this question to show the direction it would flow on the map.
